MEMORANDUM FOR: Chairman, Economic Intelligence Committee

FROM: Director of Central Intelligence

1. Thanks for your response to my request for concise information about what the committee is doing, how well it is doing, and how it might do better. I find your response so general that I can't figure out what you do and how you operate. I'd appreciate it if I could get the identities of the people who work on the committee, the resources it is able to draw upon and a little fuller identification of some of the projects the committee has handled. How long has it been functioning? And how was it created?
